Civilian Defense Money Raised After Discussion

Bethel's town officials were re-elected Monday and money raised for the year's work with little controversy. With no contests listed on the ballot only 69 ballots were cast, and the discussion in the afternoon was principally on the questions of sidewalks and Civilian Defense appropriations.

Earl A. Davis was elected to serve on the Superintending School Committee for three years. Mr. Davis was appointed to this committee last fall, taking the place of John P. Butts who moved to Farmington in September.

\$4 a Day for Selectmen
The rates of pay were fixed at \$4 a day for the Selectmen, Assessors and Overseers of the Poor, and \$5 a day for the Road Commissioner. It was voted to pay \$4.008 on the dollar for taxes collected and 15 cents each for excise tax receipts issued.

It was voted to discontinue the school at Middle Intervale, after an explanation and motion had been made by F. E. Russell, school committee member.

The article regarding the discontinuance of the section of Summer Street between Elm and Church Streets was passed over.

On motion of Eugene Van Den Kerckhoven, an official of the Bethel Water Co., it was voted that the Selectmen appoint a committee of five to consider the advisability of acquiring the physical property and rights of the Bethel Water Co. This committee, not yet named, is to report to the Selectmen on or before Sept. 1. This motion and its quick approval apparently was a surprise as many anticipated a lengthy discussion on the article.

The appropriation of money for construction of sidewalks was defeated after a considerable debate, which brought in the old need of year-round sidewalks. The opponents agreed that more and better sidewalks were needed but that at present it was not best to attempt the work.

\$1,000 for Defense

Civilian Defense brought forth an unexpected argument, including even some question of any need of involving local expense. The amount advised by the Budget Committee was \$1,000, and Fred Edwards offered this amount to the town without interest, if it should be needed. As the article was worded this offer could not be accepted. It was explained that already the town has been to some expense in this project, due to requirements of higher authorities, and there are expected to be other items of some amount very soon. In spite of the doubts of a few, the recommended amount was raised. In a discussion just before adjournment, Eugene Van Den Kerckhoven stated that in the opinion of the American Tel. & Tel. Co. and the American Legion there is every prospect of enemy activity over considerable distances inland from the east and west coasts of the country during the near future.

It was voted to continue the Budget committee plan and the committee for next year was appointed at the close of the meeting as follows: Fritz Tyler, R. D. Hastings, Hugh D. Thurston, Harry N. Head, Fred F. Bean, D. Grover Brooks, Guy Bartlett, Fred B. Merrill, Gerard S. Williams, Adrian Grover, Carl Brown, E. S. Skillings.

Gould Wins State Interscholastic Ski Meet Here Saturday

For the first time in the history of the school, the Gould Academy Ski Team won the State Interscholastic Ski Championships. During the past week-end the Huskies conclusively proved themselves the tops in Maine schoolboy skiing. Led by Captain Bud Ireland the Gould skiers demonstrated superior team skill in all events. This tournament closed the regular season for the Gold and Blue, a season with no defeats. In fact, the Gould team has been beaten only once in two years, and that defeat was suffered at the hands of Vermont Academy last year.

On Friday, Captain Ireland clipped four seconds from the Pleasant Mountain Downhill Trail in winning the downhill race. The Gould team led Edward Little by 1.6 points at the end of the first event.

Saturday morning the cross country race proved to be another win for Gould as Adams led his team mates into first place in that event. Andover, expected to do well, was heavily penalized for being late at the start.

The strong sun and warm weather conditions handicapped the jumpers, and so the distances were rather short. Again Ireland was first, and he followed this with a win in the slalom race.

Despite the fact that Ireland won four of the five events, the meet was won only by the steady performance of the other members of the team, Runyon, Brown, Jacobs and LeClair.

The meet was run off exactly on schedule, and the Gould Academy Outing Club members can be justly proud of running the State Meet so efficiently.

GOULD INSTRUCTOR GOES TO RANDOLPH FIELD

Mr. and Mrs. Paul Hunsicker were given a farewell party Friday evening at the home of Headmaster and Mrs. Elwood F. Ireland. Mr. Hunsicker, who has been instructor in physical education at Gould Academy this year, left Sunday for Randolph Field, San Antonio, Texas. The honor guests were presented with a gift and refreshments were served.

Those present were Mr. and Mrs. Alfred Fortier, Mr. and Mrs. Edmund Vachon, Mr. and Mrs. Clayton Fossett, Mr. and Mrs. Edward Hanscom, Mrs. Homer Lawrence, Miss Margaret Lundy, Miss Ann Griggs, Miss Thelma Gallagher, Miss Margery Bailey, Howard Chivers and his mother, Mrs. Chivers of Hanover, N. H.

Blackout Trials To Be Expected Any Time Now

Copies of the warning below have been issued by Chief Air Raid Warden D. Grover Brooks and distributed in Bethel village. It will be noted that the warning of three blasts of the fire siren is like the Home Guard signal, except that the latter signal, as established last fall, is repeated once.

Important—Air Raid Instructions

Air Raid Alarm—three blasts of fire siren. At night, blackout immediately. See that all lights are cut, or windows shaded so that no light can be seen from the outside of building. (Street lights will be turned off).

Keep away from Windows—In case of explosion, flying glass is very dangerous. Keep a shaded flashlight handy to prevent accidents in the home. Blackouts need a lot of planning to be effective.

Stay blacked out until all-clear signal is sounded. This is one short blast of fire siren.

This is a civilian, as much as a military or naval war, and probably there will be more casualties among the civilian population than in the armed forces. Therefore cooperation on your part will not only add to your own safety, but also to the safety of others.

It will be necessary to have pre-arranged blackouts from time to time in order that everyone will learn just what to do in case of a real emergency.

More instructions will be issued from time to time.

The SNAPSHOT GUILD

BACKLIGHTING

Backlighting gives the very pleasing halo about this little girl's head. You can get similar effects in your pictures if you watch the light.

LIGHTING is, and always has been, of the greatest importance in picture-making — so today let's consider the subject of backlighting. There are several reasons why every photographer should frequently use backlighting in his picture-making.

First, it's an excellent means of dramatizing any subject.

Second, it's one of the primary methods of adding variety and extra interest to any snapshot collection.

And, on the third count, it's one of the most effective tricks I know in producing out-of-the-ordinary pictures.

All right, now what are the practical aspects of backlighting? In other words, how can it be made to work for you in your picture-making, rather than against you?

Well, remember this: composing

a backlit picture will be no more difficult than composing any other snapshot if you let your inherent good taste guide you.

Exposure, however, is somewhat different for backlit subjects than for "normal" subjects. It—as in many cases—you want a sort of silhouette effect, then the secret lies in a very short exposure. But, if you should want a good deal of detail in the shadows, then you've got to give at least 100 per cent extra exposure—twice as much as normal.

However, don't worry too much about technicalities. Remember to shade the lens from the sun and compose simply, but in any event try making pictures when the light is coming from behind your subject. You'll find its one certain way to get dramatic, interesting pictures.

EAST STONEHAM

Harriett Grover, student nurse at C. M. G. Hospital, Lewiston was at her home for a few days this past week.

Mrs. Georgia McAllister left Sunday for a months visit with her daughters in Norway.

No change of officers at town meeting so it was soon over with. No dinner was served at vestry as has always been done in past years. Lunch was served by the Scout Girls in the down stairs school room to all that wanted lunch, but most of the business was over before the noon hour.

A good sum of money was realized from the Thursday night supper which was for the benefit of the Red Cross.

Doris, Frances and Eleanor Files spent the week end with their cousin, Wilma Warren.

W. H. Warren was in Auburn, Saturday.

The FASHION FROCK of the WEEK!

Designed American—for Americans

VERY TYPICALLY SPRING
as worn in Hollywood by
June Lang

Star of Many Movies

Among the many styles shown for the new season, none is more smart than the tailored two-piece jacket-and-skirt frock. This is especially true when the fabric is figured with an uncommon motive design like shown in this week's favored frock. This material is cleverly sprinkled with prints from the canine world—specifically the French poodle.

The style is sparkling, too—brightened with a white pique collar on the jacket and large white buttons fastening down the front. The large square pockets, plastered on each hip, emphasize the fitted lines and are very chic. The skirt is gently flared due to the three gores in front and three in back. Because this is a one-shade dress, color is all important. Miss Lang wears hers in a middle tan. Water blue is another recommended shade.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
